Meeting Agenda Template 41. Action Item Tracker 42. Team Accountability Sheet 43. Automation Planning Template 44. AI Workflow Planning Template

Section 1: Strategy & Planning

1. Business Audit Template

Purpose: To objectively measure the current operational and financial reality of the business prior to strategic planning. **When to Use It:** At the beginning of a new commercial engagement, or at the start of a new fiscal year. **Instructions:** Extract this data directly from your CRM and accounting software. Do not use estimates or founder intuition.

[Ready-to-Fill Section]

Audit Category	Metric Required	Current Baseline	Target (Next 12	Variance Status
----------------	-----------------	------------------	-----------------	-----------------

		Mos)	
Financial	Trailing 12-Month Revenue (TTM)	\vert{}	
Financial	Average Gross Margin (%)	%	>70%
Acquisition	Customer Acquisition Cost (CAC)	\vert{}	
Acquisition	Qualified Leads per Month		
Sales	Average Sales Cycle Length (Days)		
Sales	Proposal Win Rate (%)	%	>40%
Delivery	Client Churn Rate (Annual %)	%	<10%
Delivery	Average Lifetime Value (LTV)	\vert{}	

Example: *If Proposal Win Rate is 18%, the Variance Status is marked as "CRITICAL - Sales/Offer Bottleneck."*

2. Commercial Strategy Template

Purpose: To define the macro-direction of the company on a single page, ensuring alignment across all departments. **When to Use It:** Following a Business Audit, to lock in the strategic mandate for the year. **Instructions:** Complete this collaboratively with the leadership team. Distribute to all department heads.

[Ready-to-Fill Section]

1. The Core Objective: To reach \$_____ in Annual Recurring Revenue by [Date], operating at a _____% Gross Margin.

2. The Primary Constraint (What is stopping us today):

3. The Strategic Mandate (How we break the constraint):

4. The "Stop Doing" List (To preserve capital and focus):

- Initiative 1: _____
- Initiative 2: _____

5. Capital Allocation Priorities:

1. _____ (e.g., Hiring Sr. Account Executive)
2. _____ (e.g., Deploying Paid Demand Gen)

3. 90-Day Execution Planner

Purpose: To break down the annual commercial strategy into a single, highly focused quarterly sprint. **When to Use It:** Two weeks prior to the start of a new quarter. **Instructions:** Identify the ONE macro-goal for the quarter. Break it down into three binary key results. Assign owners.

[Ready-to-Fill Section]

Quarter: Q[X] 202[X] | Macro Goal: _____

Key Result (Must be measurable)	Owner	Deadline	Status (On/Off Track)
KR 1:		Week 4	[]
KR 2:		Week 8	[]
KR 3:		Week 12	[]

Weekly Milestones (KR 1 Breakdown):

- Week 1: _____
- Week 2: _____
- Week 3: _____
- Week 4: _____

Section 2: Positioning & Offer Engineering

4. ICP (Ideal Client Profile) Canvas

Purpose: To explicitly define who the company serves, and more importantly, who it automatically disqualifies. **When to Use It:** When updating positioning, writing new outbound copy, or if client churn is rising. **Instructions:** Fill out the demographics based on your top 20% most profitable historical clients.

[Ready-to-Fill Section]

ICP Dimension	The Ideal Target	The Anti-Persona (Disqualify)
Firmographics	Revenue: Headcount: Industry: \vert{} Revenue: Headcount: Industry:	
Technology Stack	Core software used:	Legacy systems used:
Trigger Events	What just happened to them? (e.g., Just raised Series A)	Why are they looking? (e.g., Price shopping)

Pain Points

1. 2. 3.

Wants a cheap fix. Demands custom deliverables.

5. Value Proposition Canvas

Purpose: To map your service features directly to the psychological and commercial relief they provide the prospect. **When to Use It:** Before writing website copy, sales proposals, or outbound messaging. **Instructions:** List the physical deliverable, then translate it into the commercial outcome.

[Ready-to-Fill Section]

The Physical Feature	The Friction it Removes	The Quantifiable Commercial Value
<i>(Example)</i> API integration setup	<i>Manual data entry for reps</i>	<i>Reclaims 15 selling hours/week</i>
1.		
2.		
3.		

The Consolidated Value Proposition: "We help [Target ICP] achieve [Commercial Value 1] and [Commercial Value 2] by deploying [Proprietary Mechanism]."

6. Offer Builder

Purpose: To architect a premium, standardized service package that defies direct competitor comparison. **When to Use It:** When commoditization is forcing you to compete on price, or when transitioning to a productized service model. **Instructions:** Define the core promise, name the mechanism, and stack risk-reducing bonuses.

[Ready-to-Fill Section]

Offer Name: _____

1. The Core Commercial Promise:

2. The Proprietary Mechanism (Name & Process): Name: _____ Phase 1: _____
| Phase 2: _____ | Phase 3: _____

3. The Value Stack (Friction-Removing Bonuses):

- Bonus 1 (SOP/Template): _____ (Value: \$____)
- Bonus 2 (Training Asset): _____ (Value: \$____)

4. The Risk Reversal (Guarantee): "If we do not achieve [Metric] by [Day X], and you have met all approval SLAs, we will [Penalty/Action]."

7. Pricing & Profit Calculator

Purpose: To mathematically guarantee your pricing model supports the BitwellForge standard of >70% gross margin. **When to Use It:** When launching a new offer or auditing the profitability of a current service. **Instructions:** Plug your internal costs into the formula. Do not launch the offer if the output margin is below the threshold.

[Ready-to-Fill Section]

Cost Component	Calculation Formula	Actual Cost (\$)
A. Delivery Labor	(Total Hours to Fulfill × Blended Hourly Wage)	\$
B. Client-Specific Tech	(Software/Tools required strictly for this account)	\$
C. Variable Costs	(Onboarding gifts, travel, external contractors)	\$
D. Total COGS	(A + B + C)	\$
E. Minimum Price	(Total COGS ÷ 0.30) <i>To hit 70% Margin</i>	\$
F. Actual Sale Price	What you are actually charging the client	\$
G. Final Gross Margin	((Actual Sale Price - COGS) ÷ Actual Sale Price)	%

Section 3: Marketing & Acquisition Assets

8. Website Planning Template

Purpose: To wireframe a high-converting B2B landing page optimized for authority and frictionless lead capture. **When to Use It:** Prior to a website redesign or when launching a new core offer. **Instructions:** Hand this completed document directly to your web developer and copywriter.

[Ready-to-Fill Section]

Section 1: Hero (Above the Fold)

- **Headline (The Authority Claim):** _____
- **Sub-headline:** _____
- **Primary CTA Button:** [Book a Commercial Diagnosis]
- **Background Visual Asset:** 45-60 second ultra-cinematic brand film demonstrating the Revenue Infrastructure system in action.

Section 2: The Social Proof

- **Logos to feature:** [Logo 1], [Logo 2], [Logo 3], [Logo 4]

Section 3: The Unique Mechanism

- **Section Title:** How We Engineer Predictable Growth
- **Visual Asset:** 15-second promotional video featuring a realistic human model explaining the core mechanism.
- **Text Block:** _____

Section 4: The Final CTA

- **The Cost of Inaction Statement:** _____
- **Embedded Calendar:** [Insert Calendly/ChiliPiper URL here]

9. Messaging Framework Template

Purpose: To standardize outbound copy so all SDRs and marketing assets speak with one unified, clinical tone. **When to Use It:** Creating cold email sequences, LinkedIn outreach, or ad copy. **Instructions:** Keep messaging under 50 words. Focus entirely on the ICP's pain.

[Ready-to-Fill Section]

The Context Hook (Observation): "Noticed [Company Name] is currently scaling its [Department/Initiative]."

The Pain Hypothesis: "Usually, at this stage, companies struggle with [Specific Bottleneck]."

The Solution (Mechanism): "We engineer [Unique Mechanism] to completely eliminate that friction, allowing teams to [Commercial Outcome]."

The Soft CTA: "Open to seeing the framework?"

10. Case Study Template

Purpose: To transform subjective client success into objective, data-heavy marketing weapons. **When to Use It:** Following the successful fulfillment of a client's core KPIs. **Instructions:** Focus on the metrics. B2B buyers read case studies to mitigate risk, not to be entertained.

[Ready-to-Fill Section]

Client Name / Industry: _____ **The Starting Baseline (Current State):**

- Metric 1: _____
- Metric 2: _____ **The Bottleneck:** What was preventing them from scaling? _____ **The BitwellForge Intervention:** How did we apply our Unique Mechanism? _____

The Result (Desired State):

- New Metric 1: _____ (____% Increase)
- New Metric 2: _____ (____% Decrease in cost/time) **Client Quote (1 Sentence):**
" _____ "

Section 4: Sales & Pipeline Management

11. CRM Property Checklist

Purpose: To eliminate data bloat and ensure the CRM strictly enforces the sales process. **When to Use It:** When configuring a new CRM (HubSpot/Salesforce) or auditing a messy one. **Instructions:** Delete all unused properties. Create only these custom properties as mandatory fields.

[Ready-to-Fill Section]

Property Name	Field Type	Mandatory at which Stage?
Lead Source	Dropdown (e.g., Outbound, SEO)	Lead Creation
ICP Match	Dropdown (Yes / No)	Moving to Discovery
Primary Bottleneck	Dropdown (e.g., Lead Vol, Close Rate)	Moving to Proposal
Confirmed Budget	Number	Moving to Proposal
Economic Buyer ID'd	Checkbox	Moving to Proposal
Disqualification Reason	Dropdown (e.g., No Budget, Bad Fit)	Moving to Closed Lost

12. Discovery Call Notes Template

Purpose: To force sales representatives to follow the 5-Stage diagnostic framework on every call. **When to Use It:** Open this document (or CRM template) alongside every Zoom discovery call. **Instructions:** If you cannot fill in every box by the end of the call, you cannot build a proposal.

[Ready-to-Fill Section]

Prospect Name: _____ Company: _____ Date: _____

- **1. Current State (Baseline):** Revenue/Metrics today: _____
- **2. Desired State (Target):** Goal for next 12 months: _____
- **3. The Gap (The Bottleneck):** What is mathematically stopping them? _____
- **4. The Cost of Inaction (Impact):** Financial loss if not fixed: \$ _____
- **5. Commitment (BANT):** Budget confirmed? [] Yes | Timeline to solve? [] Immediate | Decision Maker? [] Yes
- **Next Step Scheduled:** Date/Time of Proposal Review: _____

13. Proposal Template (The 4-Slide Deck)

Purpose: To present a visually premium, high-converting executive summary that eliminates proposal friction. **When to Use It:** For every qualified deal. Never email it; present it live. **Instructions:** Export this structure into Canva or Google Slides.

[Ready-to-Fill Section]

- **Slide 1: The Commercial Diagnosis** "Current State: \$X. Desired State: \$Y. The Bottleneck preventing growth is [Insert Gap]."

- **Slide 2: The Infrastructure Solution** "Deploying [Your Unique Mechanism]. Phase 1: ____, Phase 2: ____, Phase 3: ____."
- **Slide 3: The 90-Day Execution Timeline** [Visual Gantt Chart showing Time-to-First-Value within 30 days].
- **Slide 4: Investment & Risk Reversal** "Total Investment: \$____. Guarantee: [Insert Conditional Guarantee]."

Section 5: Client Delivery & Success

14. Client Onboarding Template

Purpose: To capture all required operational data instantly and eliminate post-purchase buyer's remorse. **When to Use It:** Triggered automatically via API the moment the contract is signed and paid. **Instructions:** Build this in Typeform/Jotform.

[Ready-to-Fill Section]

Welcome to [Your Company]. Let's align on execution.

1. **KPI Confirmation:** Please re-confirm the #1 metric we are targeting for Q1: [Text Box]
2. **Access Provisioning:** Please upload Brand Guidelines here: [File Upload]
3. **Software Access:** Please provide administrative access to [Software] using this email: [Your Email]
4. **Communication SLA:** "I acknowledge that all updates will be provided weekly on Fridays, and communications will occur inside [Basecamp/Slack], not via personal SMS." [Required Checkbox]

15. Client Health Scorecard

Purpose: To proactively identify churn risks 30-60 days before the client actually cancels. **When to Use It:** Reviewed by Account Managers weekly prior to the L10 meeting. **Instructions:** Score each active client based on objective metrics, not feelings.

[Ready-to-Fill Section]

Client Name	KPI Status (On/Off Track)	Comm. Frequency	Invoice Status	Overall Health	Action Required
Example Co.	On Track	Responds < 24 hrs	Paid	GREEN	Prepare Upsell Pitch
Test Inc.	Off Track	Missed last meeting	Overdue 5 days	RED	Founder Intervention

1.

2.

16. Quarterly Business Review (QBR) Template

Purpose: To re-sell the value you have delivered and systematically pitch expansion revenue (upsells). **When to Use It:** Every 90 days with the Economic Buyer of "Green" health accounts. **Instructions:** Use this 4-part agenda on a live 60-minute call.

[Ready-to-Fill Section]

- Agenda Item 1: The Look Back (Prove ROI) *Data proving we achieved [Metric] over the last 90 days.*
- Agenda Item 2: The New Reality *Because we solved [Old Bottleneck], the business has grown.*
- Agenda Item 3: The New Constraint *Your new operational bottleneck is now [Insert New Gap].*
- Agenda Item 4: The Expansion Plan *We recommend deploying [Upsell Service] for \$X to resolve this new constraint.*

Section 6: Operations & Team Execution

17. Master KPI Dashboard (RevOps)

Purpose: To give the founder absolute, real-time visibility into the commercial health of the entire system. **When to Use It:** Displayed permanently on a monitor or reviewed daily at 8:00 AM. **Instructions:** These numbers must pull automatically from the CRM. No manual entry.

[Ready-to-Fill Section]

Commercial Function	Leading Indicator (Input)	Lagging Indicator (Output)	Current Status
Marketing	# Outbound Emails Sent (Wkly)	Cost Per Qualified Lead (CPQL)	
Marketing	# Trust Assets Downloaded	Total MQLs Generated	
Sales	# Discovery Calls Held	Pipeline Velocity (\$/Day)	
Sales	Sales Cycle Length (Days)	Win Rate (%)	
Delivery	Time-to-First-Value (Days)	Gross Margin (%)	
Delivery	QBRs Scheduled	Net Revenue Retention (NRR)	

18. SOP (Standard Operating Procedure) Template

Purpose: To turn individual employee talent into a permanent, repeatable company asset. **When to Use It:** Any time a task must be executed more than 3 times by a human. **Instructions:** Keep it clinical. Embed Loom videos for clarity.

[Ready-to-Fill Section]

SOP ID: [001] | Task: _____ Owner: [Role] | Last Updated: [Date]

1. Purpose: Why does this task exist commercially? _____ 2. Triggers: When do you execute this? _____
3. Inputs: What links/passwords/assets do you need before starting? _____

4. Execution Steps:

- Step 1: [Click X]
- Step 2: [Copy Y]
- Step 3: [Paste into Z]

5. QA Validation: How do you know it worked? _____

19. L10 Commercial Meeting Agenda Template

Purpose: To replace unstructured meetings with a rigid, accountability-driven weekly alignment protocol. **When to Use It:** Once a week, same day, same time. 60 minutes max. **Instructions:** Do not allow storytelling. Focus strictly on data and issue resolution.

[Ready-to-Fill Section]

Time Allotment	Agenda Item	Expected Output
5 Mins	Segue / Good News	1 Personal, 1 Pro win per person.
10 Mins	KPI Scorecard Review	Read numbers aloud (On/Off track only).
5 Mins	Client Health Stoplight	Identify Yellow/Red accounts.
35 Mins	Issue Resolution (IDS)	Identify root cause of off-track KPIs -> Discuss -> Assign action item to solve.
5 Mins	Wrap-Up & Accountability	Review assigned actions and deadlines.

20. AI Workflow Planning Template

Purpose: To safely map manual processes into AI-assisted workflows without compromising data privacy. **When to Use It:** Before deploying a new prompt or LLM use-case to the team. **Instructions:** Document the exact prompt architecture to ensure consistent, non-hallucinated outputs.

[Ready-to-Fill Section]

Workflow Name: [e.g., Call Summary Extraction] **Approved Tool:** [e.g., Gemini Workspace - Data Training OFF]

1. **The Context (Input):** *What data are we feeding the AI?* (e.g., Raw transcript of discovery call).
2. **The System Instruction (The Prompt):** "You are an expert RevOps analyst. Extract the following from the transcript: 1. Identified Budget, 2. Decision Maker Name, 3. The stated Pain Point. Output in JSON format. Do not invent data."
3. **The Quality Gate (Human-in-the-Loop):** *Who reviews this before it is used?* (e.g., Account Executive reviews output before pasting into CRM).

Section 1: Strategy & Planning (Continued)

21. Annual Planning Template

Purpose: To define the 12-month commercial architecture, setting fixed targets for revenue, margin, and capacity limits. **When to Use It:** Q4 of the preceding year, or immediately upon business restructuring. **Instructions:** Fill out the macro targets first, then break them down into quarterly initiatives.

[Ready-to-Fill Section]

Fiscal Year: 202[X] | Macro Theme: _____

Part 1: The Hard Metrics

- Target Gross Revenue: \$ _____
- Target Gross Margin: _____ %
- Target Net Revenue Retention (NRR): >110%
- Total Qualified Proposals Required: _____ (Calculated via Win Rate)

Part 2: The Quarterly Capability Map

Quarter	Primary Commercial Focus	Key Deliverable (What gets built)
Q1	<i>e.g., Fix Offer Economics</i>	<i>New pricing model & guarantee launched.</i>
Q2		
Q3		
Q4		

22. Competitor Analysis Template

Purpose: To systematically map the "sea of sameness" in your industry so you can engineer a positioning vector that avoids direct comparison. **When to Use It:** Before launching a new offer or redesigning website copy. **Instructions:** Do not copy competitors; document what they do so you can do the exact opposite.

[Ready-to-Fill Section]

Competitor Name	Primary Claim (Headline)	Pricing Model (Hourly/Fixed)	Delivery Mechanism	The Missing Gap (Their Weakness)
1.				
2.				
3.				
BitwellForge Vector	<i>(Your Unique Authority Claim)</i>	<i>(Your Fixed Premium Price)</i>	<i>(Your Proprietary Named Mechanism)</i>	<i>(Your Strategic Advantage)</i>

23. Risk Assessment Template

Purpose: To proactively identify operational and commercial vulnerabilities before they cause systemic failure. **When to Use It:** Quarterly, or before signing a deal that pushes capacity >85%. **Instructions:** Score Impact and Probability from 1 (Low) to 5 (High). Multiply for Risk Score.

[Ready-to-Fill Section]

Identified Risk Factor	Impact (1-5)	Probability (1-5)	Risk Score (IxP)	Mitigation Protocol (Action)
e.g., Key Account Manager Quits	5	2	10	All processes mapped to Wiki SOPs today.
1.				
2.				
3.				

24. Decision Matrix

Purpose: To eliminate emotional bias when evaluating new marketing channels, software purchases, or strategic pivots. **When to Use It:** Whenever the leadership team is deadlocked on a high-capital decision. **Instructions:** Weight each criteria by importance (1-5). Score each option (1-5). Multiply and sum.

[Ready-to-Fill Section]

Decision to be made: _____

Criteria	Weight (1-5)	Option A: _____	Option B: _____	Option C: _____
Speed to ROI	[]	Score: __ (Total: __)	Score: __ (Total: __)	Score: __ (Total: __)
Capital Required	[]	Score: __ (Total: __)	Score: __ (Total: __)	Score: __ (Total: __)
Labor Required	[]	Score: __ (Total: __)	Score: __ (Total: __)	Score: __ (Total: __)
TOTAL SCORE		Option A Total: []	Option B Total: []	Option C Total: []

Section 2: Positioning & Offer Engineering (Continued)

25. Positioning Canvas

Purpose: To define your Category Design and engineer market perception. **When to Use It:** When updating messaging, pitch decks, or training new sales reps. **Instructions:** Fill this out to create your unshakeable market stance.

[Ready-to-Fill Section]

- **The Enemy (Status Quo):** What standard industry practice is actually hurting clients? _____
- **The Paradigm Shift:** What is the new, objective truth your company champions? _____
- **The Category Name:** What do you call this new way of operating? (e.g., *Revenue Infrastructure* vs. *Marketing*) _____
- **The Disqualification Claim:** "We are not for [Anti-Persona]; we are strictly for [ICP]."

26. Offer Validation Sheet

Purpose: To track the empirical data of a new offer launch before pouring ad spend into it. **When to Use It:** During the 3-client "Beta" or "Founding Member" launch phase. **Instructions:** Do not scale an offer until all

three criteria pass.

[Ready-to-Fill Section]

Validation Metric	Target	Actual	Status (Pass/Fail)
Sales Conversion Rate	> 20% on warm leads	%	[]
Pricing Resistance	< 2 objections per call		[]
Time-to-First-Value (Delivery)	< 30 Days	Days	[]
Client Sentiment (Day 30)	9/10 or Higher		[]

27. Revenue Calculator

Purpose: To reverse-engineer the required daily inputs to hit annual cash targets. **When to Use It:** When setting KPIs for the marketing and sales departments. **Instructions:** Work backward from the target to find the required lead volume.

[Ready-to-Fill Section]

1.

Target New Revenue (Annual): _____
2.

Average Deal Size (AOV): _____
3.

Total Deals Required (Line 1 ÷ Line 2): _____ Deals
4.

Sales Win Rate: _____ %
5.

Total Proposals Required (Line 3 ÷ Line 4): _____ Proposals
6.

Discovery-to-Proposal Rate: _____ %
7.

Total Discovery Calls Required (Line 5 ÷ Line 6): _____ Calls

Section 3: Marketing & Acquisition Assets
(Continued)

28. Testimonial Collection Template

Purpose: To systematically extract high-leverage trust assets from happy clients without adding friction to their day. **When to Use It:** Exactly 48 hours after a major KPI is achieved for a client. **Instructions:** Send this via email. Do not ask them to write it from scratch; give them a framework.

[Ready-to-Fill Section]

Subject: Quick favor regarding [Milestone Achieved]

"Hi [Name], Thrilled we crossed the [Metric] milestone this week. We are building out a new case study asset and would love to feature your success. To save you time, could you reply with a 2-sentence answer to these two questions?

1.

What was the biggest commercial bottleneck you were facing before we installed [Unique Mechanism]?
2.

What has been the most measurable impact on the business since launch?

(Alternatively, if you're open to a 5-minute Zoom recording next week, let me know). Best,"

29. Referral Program Template

Purpose: To transform passive word-of-mouth into a predictable, engineered acquisition channel. **When to Use It:** During the 90-Day Quarterly Business Review (QBR) with "Green" health clients. **Instructions:**

Embed this script into the end of your QBR deck.

[Ready-to-Fill Section]

The Ask (Verbal Script): "We've hit [KPI], and the system is stable. Our goal is to work exclusively with companies operating at your caliber. Do you currently know 1 or 2 other [Target ICP role, e.g., SaaS Founders] who are currently hitting a wall with [Specific Pain Point]?"

The Incentive (If applicable in your industry): "If you introduce us, we will provide a complimentary [High-Value Audit/Strategy Session] for them, and apply a [X]% credit to your next quarterly retainer as a thank you for protecting our sales bandwidth."

Section 4: Sales & Pipeline Management (Continued)

30. Sales Pipeline Tracker

Purpose: To monitor the velocity and conversion rates between CRM stages. **When to Use It:** Reviewed by the Sales Director weekly to spot pipeline rot. **Instructions:** Export CRM data to calculate these conversion metrics.

[Ready-to-Fill Section]

Pipeline Stage	Total Count	Total Value (\$)	Avg. Days in Stage	Conv. Rate to Next Stage
Discovery Booked		\$		%
Qualified (Passed)		\$		%
Proposal Built		\$		%
Proposal Presented		\$		%
Contract Sent		\$		%
Closed Won		\$	N/A	N/A

31. CRM Setup Template (System Rules)

Purpose: To ensure the CRM is configured as an enforcement mechanism, not a digital rolodex. **When to Use It:** When migrating to a new CRM or auditing current tech debt. **Instructions:** Give this to your RevOps manager to configure globally.

[Ready-to-Fill Section]

- ☐ **Rule 1:** No deal can exist without a "Next Activity Date" scheduled. (Triggers alert if blank).
- ☐ **Rule 2:** "Lead Source" must be a standardized dropdown, never free-text.
- ☐ **Rule 3:** Deals lingering in "Proposal" stage > 30 days automatically revert to "Nurture" pipeline.
- ☐ **Rule 4:** Bounced emails automatically trigger a "Scrub from Database" workflow.
- ☐ **Rule 5:** Integration syncs (Calendly, Zoom, Email) verified active for all sales users.

Section 5: Client Delivery & Success (Continued)

32. Client Kickoff Template

Purpose: To set absolute communication boundaries and reset expectations immediately post-sale. **When to Use It:** 3 to 7 days after the contract is signed and paid. **Instructions:** The Account Manager runs this meeting using a standardized slide deck.

[Ready-to-Fill Section]

Meeting Duration: 45 Minutes | **Required Attendees:** Account Manager, Client Point of Contact, Client Economic Buyer

- **10 Mins: KPI Alignment.** ("We are here to solve X by Date Y. Confirmed?")
- **15 Mins: The 90-Day Roadmap.** (Visual timeline of deliverables).
- **10 Mins: The Pre-Mortem.** ("Here is where clients typically fail. Let's agree on 48-hour approval turnaround to prevent this.")
- **5 Mins: Communication SLA.** ("Updates happen on Fridays. Emergency requests go to [Support Email], not my personal phone.")
- **5 Mins: Immediate Next Steps.** (Who owes what by tomorrow).

33. Client Review Template (Internal Audit)

Purpose: To objectively evaluate if a client is worth keeping before offering a renewal contract. **When to Use It:** 60 days before a client's contract expires. **Instructions:** Leadership completes this without the client present.

[Ready-to-Fill Section]

Client: _____ **Contract End Date:** _____

- **Profitability:** What is the actual gross margin on this account? _____ %
- **Friction Score:** How many out-of-scope requests did they make this year? _____
- **Results:** Did we hit the contracted KPIs? ☐ Yes ☐ No
- **Decision:**
 - ☐ ☐ **Renew at Current Rate.** (High profit, low friction).
 - ☐ ☐ **Renew with 20% Price Increase.** (Scope creep occurred; must correct margin).
 - ☐ ☐ **Do Not Renew.** (Toxic account; fire the client gracefully).

Section 6: Operations & Team Execution (Continued)

34. Weekly KPI Tracker

Purpose: To monitor the high-frequency leading indicators that predict future revenue. **When to Use It:** Reviewed every week in the L10 Commercial Meeting. **Instructions:** The numbers must be binary (hard data, no estimates).

[Ready-to-Fill Section]

Leading Indicator (Input)	Weekly Target	Actual	Variance	Owner
Outbound Volume (Emails/Calls)				
New Marketing Qualified Leads (MQLs)				
Discovery Calls Held				
Proposals Presented				

Support Tickets/Client
Escalations

35. Monthly KPI Tracker

Purpose: To monitor the lagging indicators that confirm the financial health of the business. **When to Use It:** Reviewed on the 1st of every month by the executive team. **Instructions:** Used to adjust macro-strategy and capital allocation.

[Ready-to-Fill Section]

Lagging Indicator (Output)	Monthly Target	Actual	Year-to-Date
Cash Collected	\$	\vert{}	
Gross Margin	%	%	%
Customer Acquisition Cost (CAC)	\$	\vert{}	
Churn (Lost Revenue)	\$	\vert{}	
Expansion Revenue (Upsells)	\$	\vert{}	

36. Weekly Execution Planner

Purpose: To force executives to time-block high-leverage strategic work before administrative tasks consume the week. **When to Use It:** Completed every Sunday evening or Monday morning. **Instructions:** If a task does not move the macro commercial goal forward, it goes to the bottom.

[Ready-to-Fill Section]

The ONE Thing: What single task, if completed this week, makes everything else easier or unnecessary? _____

Day	Deep Work Block (Strategy/Sales - 2 Hrs)	Admin Block (Email/Slack - 1 Hr)
Mon		
Tue		
Wed		
Thu		
Fri		

37. Daily Priority Planner

Purpose: To combat decision fatigue and ensure daily execution aligns with the Weekly Planner. **When to Use It:** The night before, or first thing in the morning. **Instructions:** Never list more than 3 critical tasks.

[Ready-to-Fill Section]

Date: _____

The Top 3 Priorities (Non-Negotiable):

1. ☐ _____
2. ☐ _____
3. ☐ _____

Secondary Tasks (Only if Top 3 are done):

- ☐ _____
- ☐ _____

38. Action Item Tracker

Purpose: To ensure tasks assigned during meetings actually get completed. **When to Use It:** Updated live during the L10 meeting and shared immediately after. **Instructions:** No task is recorded without an owner and a strict deadline.

[Ready-to-Fill Section]

Identified Issue	Action Required to Solve	Owner	Deadline	Status
<i>e.g., CRM data messy</i>	<i>Audit properties & delete 10 unused fields</i>	<i>RevOps</i>	<i>Friday 5PM</i>	☐ Pending
1.				☐
2.				☐
3.				☐

39. Team Accountability Sheet

Purpose: To ensure every employee knows exactly how their performance is mathematically measured. **When to Use It:** During quarterly performance reviews and 1-on-1s. **Instructions:** Every role must have 1 to 3 primary KPIs. If they hit the KPI, they are succeeding.

[Ready-to-Fill Section]

Employee Role	Primary KPI (The Number to Hit)	Secondary KPI (Quality Metric)	Current Status
SDR (Sales Dev)	20 Qualified Meetings Booked / Month	< 10% No-Show Rate	On Track
Account Exec	\$50k Closed Revenue / Month	> 40% Win Rate	Off Track
Account Mgr	100% Client Retention (90 Days)	> 9/10 Client Health Score	On Track
RevOps	100% SLA Adherence	Zero Data Discrepancies	On Track

40. Automation Planning Template

Purpose: To map API integrations (Zapier/Make) logically before building them, preventing tech-stack spaghetti. **When to Use It:** When a repetitive task consumes more than 2 hours a week. **Instructions:** Define the exact trigger and payload before opening the software.

[Ready-to-Fill Section]

Automation Goal: _____

- **Trigger App:** [e.g., Stripe]
- **Trigger Event:** [e.g., New Successful Charge]
- **Action 1 App:** [e.g., HubSpot CRM] -> **Action:** [e.g., Change Deal Stage to Closed Won]
- **Action 2 App:** [e.g., Slack] -> **Action:** [e.g., Send Message to #Delivery channel with Client Name & Amount]
- **Testing Protocol:** Run 1 test with a \$1 dummy charge. Verified? [] Yes
